Welcome to our 1930s Art Deco soda fountain, a working exhibit at the Yakima Valley Museum.

Just two years after the last soda fountain in town became a memory, Helen N. Jewett's generosity helped this soda fountain become a reality. Using original fountain equipment and stools from Jordan's Drug Store, the Museum and Mrs. Jewett created one of the coolest ice cream shops in the western United States.

So sit back, relax, and order an ice cream treat or a meal like the one Mom used to make when she wore a housedress and used a percolator.

Our Jerks are proud to serve you...

...and have been since 1996.

Fountain Food

The daytime crowd at Brown's Drug luncheon counter enjoyed a great meal just down the street from Hatfield's Piece Goods, the Fashion Bootery, Tyrrell's Sports Center, and the Larson Building in downtown Yakima. You will find The Olive Garden, The Sports Center, Jim & Jenni's Tattoo's, and the Larson Building.

SANDWICHES AT THE COUNTER
